Ultra Portable Power Inverter 150

The Thinner, Lighter Mobile Power Source

Product Number **33362EU**

The Kensington Ultra Portable Power Inverter 150 plugs into your vehicle´s power port or airline Empower® port to provide AC power to mobile devices requiring up to 120 Watts of continuous power. From laptops to mobile phones, MP3s, PDAs even portable DVD players and many other small mobile devices, it´s the most portable choice for power on the road or in the air.

Features and Benefits

- Ultra portable--Compact, lightweight, sleek design fits conveniently into a notebook case or vehicle glove box
- Powerful--Provides up to 150 Watts of AC power to run a variety of mobile devices.
- Simple--Simply plug the mobile device into the Inverter and plug the Inverter into your vehicle´s power or airline Empower® port for wall (AC) power on the go!
- Versatile--Works with notebooks requiring 120 Watts of continuous AC power plus many other mobile devices, both on the road or in the air.
- Safe--Bright LED indicator turns ON to warn you of undesirable operating conditions. Built-in safety features including over current protection, low and over supply voltage protection and over temperature protection.
